Sir,

Subject Purchase of a tractor with trailer with a water tank, for the gardens and avenues

---

Prior to the year 1950-51 the parks and gardens of the City Improvement Trust Board were being looked after by the municipality In the year 1951-52, they were bifurcated as per G O No L 5374-6/ITB 16-51-19 dated 24-8-1951 Before bifurcation this section had a water lorry also which was transferred to the City Improvement Trust Board from that date Since then there is no lorry at all, somuch so that the parks and avenues have got to be watered only by carrying water in pots from nearly sources of water This seems to be extremely insufficient and as a result it has not been possible to get up gardens and paris in as many places as it would be desirable to have Further, as per letter No L 3057/ITB 50-52-15 dated 23-6-54, municipality have also taken over the parks and avenues formerly maintained by the Trust Board For these reasons a provision was made under D12 Avenues in the Budget, of a sum of Rs 1850/- for hiring bullocks and carts If the bullocks and carts are engaged, at the rate at which they are engaged in the engineering section, we could have only 4 bullock carts at the rate of Rs 40/- per cart Even these in my view will hardly serve the purpose, as such slow moving equipment can not cope with the task of watering of the beds and gardens spread all over the city For these reasons, a proposal was placed befor the Managing Committee and the Council that a tractor trailer with a water tank may be purchased at an approximate cost of Rs 15,000/-

(2)

as such an equipment would be more useful than regular water lorry, because water could be pumped into and out of the tank The establishment required for this purpose is one lorry driver on Rs 45-2-65 plus DA and one cleaner on Rs 18-1-22 plus DA This proposal was recommended by the Managing Committee and the approved by the Municipal Council at their meeting held on 27-7-55

I herein enclose a copy of the resolution of the municipal Council and request that orders of Government may kindly be obtained, and sanctioning the purchase of the tractor trailer with a water tank and also the establishment referred to The cost of the equipment would be met out of provssion$ made under D4 Purchase of tools andplants

Yours faithfully,

Sir,

Subject: Purchase of a Tractor Trailer with Water Tank.

I enclose a copy of the letter addressed to Government regarding the purchase of the above. Subsequent to the date of the above reference, the existing lorry has gone out of order suddenly owing to the wearing out of some of the important parts of the Engine. It has become therefore necessary to purchase a water lorry immediately. A further communication is being therefore made to the Secretary Education and L S G Departments to obtain - orders of Government sanctioning the purchase early. In the meantime to gain the time I have herewith enclosed the two forms of order and indent duly filled up for further action.

I request you kindly to take needful action in this behalf at the earliest possible convenieces.

Yours faithfully,

Sd. N Lakshman Rau
